MR. DUCKETT

Carl:

[REDACTED] dropped off 4 tapes  
this afternoon and, since you were  
not available and time is of the  
essence, I sent them directly to OEL.

Operation

Carl:

25X1A

25X1C

I relayed [REDACTED] message to George Miller after I talked with you yesterday afternoon. George also sees no problem in getting someone [REDACTED] during 6-10 December. He wondered how best to approach DDP to advise them of this proposed meeting and checkout of equipment. George suggested two possible alternatives: (1) that he go to the appropriate DDP Division Chief and advise him on what's taking place, or (2) that you might mention this to Tom K. and then George would follow on with the DDP Division (Chief or Chiefs).

25X1A

Do you wish to pursue the latter course since it would appear an opportune time to remind Tom K. that this project was given prior clearance by DDP and, further, because there are several areas in DDP which may have to be alerted on this matter. You might wish to wait until the next tape is examined to see if we have any results before raising the matter with Tom K. [REDACTED] expects these tapes to arrive in Washington by next Monday, 20 November.

██████████ Operation

25X1A

Carl:

██████████ called late this morning to see if any results had shown up on the tapes. The question arose completely out of curiosity. He also asked that I pass along to you that he had given us a bit of mis-information as a result of a garble. Originally he had said there would be a try for collection at the end of October -- when actually it is scheduled for the end of this month (November). He apologized for this but said perhaps this might provide more time for any suggestions or guidance to them, if such may be forthcoming, after checking the tapes.
